

Scope Warmers

Fairmont Medical's Scope Warmers provide a simple solution to minimise telescope lens fogging during minimal invasive surgery.

Fairmont Medical for over 25 years have been at the forefront of offering innovative surgical products such as the telescope warming system. Our all new telescope pre-warmer provides a cost effective and easy to use fog free solution.

- Warms and safely protects telescopes for optimal defogging
- Provides rapid scope warmth required for fog free use
- Simple, quick, inbuilt activation disc
- Stays warm for up to 2 hours
- Cost effective easy to use
- Simple snap button closing system
- Saving valuable operating time
- Single use, sterile, ready to use
- Quality Australian designed
