# Disposable Pulse Lavage Set

Fairmont Medical's Pulse Lavage set provides cost effective surgical site and wound cleaning solutions.

Fairmont Medical's Pulse Lavage system provides a high quality cost effective disposable device for use in Accident and Emergency or Operating Theatre departments.

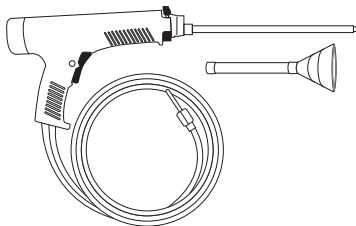

**Pulsajet**, when utilised in accident and emergency departments, enables fast and effective removal of necrotic tissue, bacteria and other foreign debris ensuring a clean wound site.

**Pulsajet**, when used during orthopaedic procedures, enables surgeons to irrigate, wash and evacuate general soft tissue and bone debris during major hip and knee joint replacement surgery.

- Easy to setup tubing set attached, internal battery, ready for use
- Slimline design handpiece
- Convenient fan spray with splash shield and femoral canal tip included
- Integrated suction and irrigation
- Single use, sterile, ready to use
- Quality Australian designed

**pulsajet** *"Saves valuable surgical operating room time."*
